Pales DC 60kW DC Charger

Dual-Gun Configuration for High-Throughput Charging
GB/T * 2

Project Details

Customer	Operator
Application	Commercial Area
Quantity	2 units
Warranty	2 Years
Project Time	2026.05
Installation Time	2026.06

Pales DC 180/240kW DC Charger

Dual-Gun Configuration for High-Throughput Charging
GB/T * 2

Project Details

Customer	Operator
Application	Commercial Area
Quantity	3 units
Warranty	2 Years
Project Time	2026.05
Installation Time	2026.06

Aquila DC 240kW Dual Guns DC Fast Charging Advertising Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Public Use
Application	Highway
Quantity	6+ units
Warranty	2 Years
Project Time	2026.04
Installation Time	2026.06

Vulco DC 120kW Charging Station

Super Fast Charging

Project Details

Customer	Commercial Use
Application	Bus Station
Quantity	12 units
Warranty	2 Years
Project Time	2026.05
Installation Time	2026.07

Vulco DC 240kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Public Use
Application	Mall
Quantity	8 units
Warranty	2 Years
Project Time	2025.09
Installation Time	2025.10

Cambodia - Phnom Penh

Vulco DC 120kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Public Use
Application	Parking
Quantity	5+ units
Warranty	2 Years
Project Time	2025.08
Installation Time	2025.10

Castor DC 40kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Internal Staff Use
Application	Factory Warehouse
Quantity	10 units
Warranty	2 Years
Project Time	2025.06
Installation Time	2025.09

Vulco DC160kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Public Use
Application	Highway
Quantity	10+ units
Warranty	2 Years
Project Time	2025.06
Installation Time	2025.10

Vulco DC 180kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	Public Use
Application	Highway Service Area
Quantity	12+ units
Warranty	2 Years
Project Time	2025.02
Installation Time	2025.04

Gaia AC 22kW AC Charging Station

Smart Charging/Parking Lot Value Enhancement

Project Details

Customer	Public Use
Application	Parking Lot
Quantity	150 units
Warranty	2 Years
Project Time	2025.09
Installation Time	2025.11

Gaia AC 22kW Wallbox Charger

Smart Charging

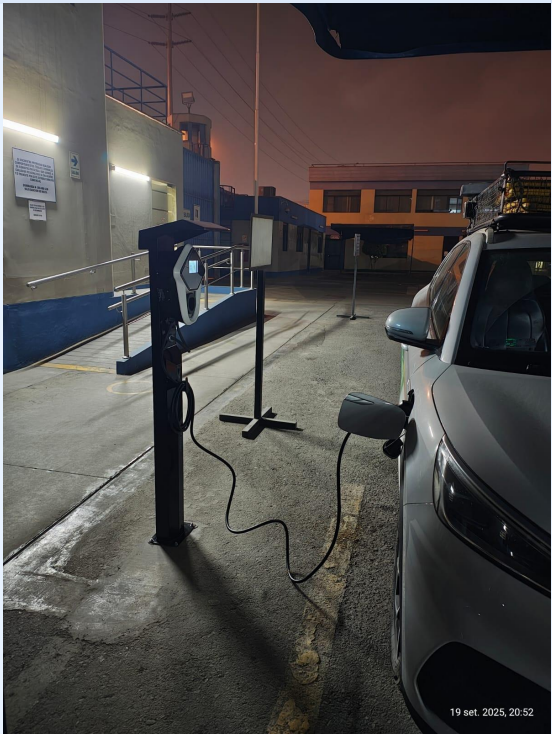

Project Details

Customer	Public Use
Application	Highway
Quantity	150+ units
Warranty	2 Years
Project Time	2025.05
Installation Time	2025.08

Gaia AC 22kW AC Wallbox Charger

Smart Charging

Project Details

Customer	Public Use
Application	Parking Lot
Quantity	50 units
Warranty	2 Years
Project Time	2025.06
Installation Time	2025.09

Gaia AC 22kW Wallbox Charger

*Smart Charge and Home Load Balance;
Shared amongst all users in same group*

Customer: Public Use

Application: Police Station

Quantity: 200+ units

Warranty: 2 Years

Project Time: 2024.07

Installation Time: 2024.10

Gaia AC 22kW Wallbox Charger

Compatible with 99% of EVs

Customer: Distributor

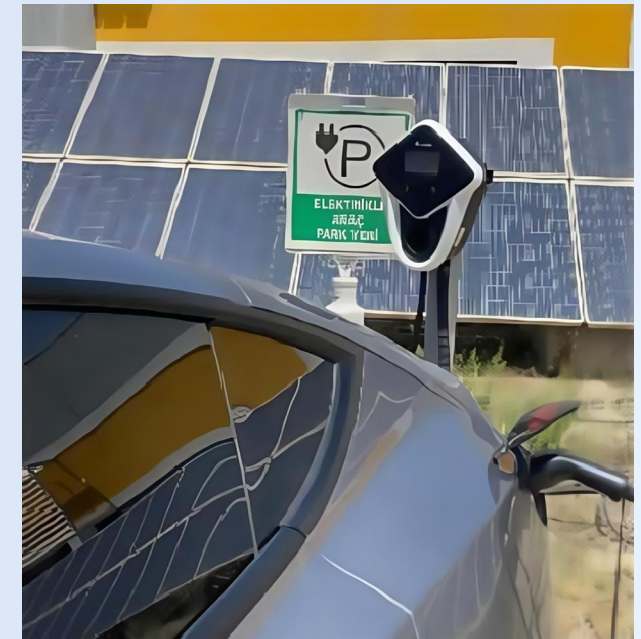

Application: Public Use

Quantity: 5+ units

Warranty: 2 Months

Project Time: 2024.06

Installation Time: 2024.07

Gaia AC 22kW Wallbox Charger

Hassle-free Experience with Easy Installation

Customer: Distributor

Application: Parking Lot

Quantity: 200+ units

Warranty: 2 Years

Project Time: 2024.07

Installation Time: 2024.08

DC Fast Charging 60kW

*Smart Charge and Home Load Balance;
Shared amongst all users in same group*

Customer: Car Dealer

Application: Commercial Area

Quantity: 20+ units

Warranty: 3 Years

Project Time: 2024.02

Installation Time: 2024.04

Gaia AC 22kW Wallbox Charger

*Cut Charging Time from More Than 1 Hour
to Just 30 Minutes or Less*

Customer: Car Dealer

Application: Commercial Area

Quantity: 20+ units

Warranty: 3 Years

Project Time: 2024.05

Installation Time: 2024.07

Gaia AC 22kW Wallbox Charger

Long Lasting: Up to 10,000 Times Charge

Customer: CPO

Application: Office Building

Quantity: 100+ units

Warranty: 1 Year

Project Time: 2024.05

Installation Time: 2024.07

Finland

300kW DC Fast Charging Station

*Cut Charging Time from More Than 1 Hour
to Just 30 Minutes or Less*

Customer: Bus Operator

Application: Bus Fleet

Quantity: 20 units

Warranty: 1.5 Years

Project Time: 2023.12

Installation Time: 2024.02

Sweden

160kW DC Fast Charging Station

*Cut Charging Time from More Than 1 Hour
to Just 45 Minutes or Less*

Customer: Bus Operator

Application: Highway

Quantity: 5 units

Warranty: 0.5 Year

Project Time: 2023.02

Installation Time: 2023.04

Gaia AC 22kW Wallbox Charger

Dynamic Load Balance; User Friendly

Project Details

Customer	Private Use
Application	Community Area
Quantity	50+ units
Warranty	2 Years
Project Time	2024.05
Installation Time	2024.07

PV Carport + ESS + AC 22kW + DC 80kW & 120kW

Integrated PV-ESS-Charging Solution

Project Details

Customer	Energy Company
Application	Parking Lot
Quantity	10 AC + 15 DC units
Warranty	2 Years
Project Time	2023.07
Installation Time	2023.10

Reduced 30~40% carbon emissions in the park area.
Relieves city electricity pressure during peak hours.

Saudi Arabia

120kW DC Charger

SASO Certified, Endures 60°C

Customer: ODM

Application: Commercial Area

Quantity: 50+ units

Warranty: 2 Years

Project Time: 2023.10

Installation Time: 2023.12

Poland

Vulco DC 60kW DC Charger

*Shared Amongst All Users in Same Group;
Deep Customization with Customer Case*

Customer: Operator

Application: Parking Lot

Quantity: 20+ units

Warranty: 2 Years

Project Time: 2025.04

Installation Time: 2025.06

Georgia

Vulco DC 180kW DC Charger

Cable Current up to 300A

Customer: Operator

Application: Parking Lot

Quantity: 40+ units

Warranty: 2 Years

Project Time: 2025.08

Installation Time: 2025.10

Romania

DC 30kW + DC 120/180kW

*Support Multiple Standards;
DC Wallbox Custom Dual Guns*

Customer: Operator

Application: Commercial Area

Quantity: 30+ units

Warranty: 1.5 Years

Project Time: 2024.08
