Pales DC 120-180kW DC Charger

120kW CCS2+GBT and 180kW GBT+GBT for parking operator

Project Details

Customer	**Parking Operator**
Application	**Commercial Area**
Quantity	**2 units**
Warranty	**2 Years**
Project Time	**2026.08**
Installation Time	**2026.10**

Bulgaria

Castor DC 20-40kW DC Charger

*One-Gun*2 and Dual-Gun*2 Configuration for High-Throughput Charging GB/T*2*

Project Details

Customer	**Parking Operator**
Application	**Commercial Area**
Quantity	**4 units**
Warranty	**2 Years**
Project Time	**2026.09**
Installation Time	**2026.10**

Ethiopia

Pales DC 180kW DC Charger

*Dual-Gun fast charging for parking, GB/T * 2*

Project Details

Customer	**Parking Operator**
Application	**Commercial Area**
Quantity	**3 units**
Warranty	**2 Years**
Project Time	**2026.09**
Installation Time	**2026.10**

Kazakhstan

Vulco DC 120kW DC Charger

*Dual-Gun fast charging for parking, GB/T * 2*

Project Details

Customer	**Parking Operator**
Application	**Commercial Area**
Quantity	**6 units**
Warranty	**2 Years**
Project Time	**2026.07**
Installation Time	**2026.08**

Nepal

Pales DC 60kW DC Charger

Dual-Gun Configuration for High-Throughput Charging
*GB/T * 2*

Project Details

Customer	**Operator**
Application	**Commercial Area**
Quantity	**2 units**
Warranty	**2 Years**
Project Time	**2026.05**
Installation Time	**2026.06**

Cambodia

Pales DC 180/240kW DC Charger

Dual-Gun Configuration for High-Throughput Charging
*GB/T * 2*

Project Details

Customer	**Operator**
Application	**Commercial Area**
Quantity	**3 units**
Warranty	**2 Years**
Project Time	**2026.05**
Installation Time	**2026.06**

Armenia

Aquila DC 240kW Dual Guns DC Fast Charging Advertising Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Public Use**
Application	**Highway**
Quantity	**6+ units**
Warranty	**2 Years**
Project Time	**2026.04**
Installation Time	**2026.06**

Czech Republic

Vulco DC 120kW Charging Station

Super Fast Charging

Project Details

Customer	**Commercial Use**
Application	**Bus Station**
Quantity	**12 units**
Warranty	**2 Years**
Project Time	**2026.05**
Installation Time	**2026.07**

Georgia

Vulco DC 240kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Public Use**
Application	**Mall**
Quantity	**8 units**
Warranty	**2 Years**
Project Time	**2025.09**
Installation Time	**2025.10**

Cambodia · Phnom Penh

Vulco DC 120kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Public Use**
Application	**Parking**
Quantity	**5+ units**
Warranty	**2 Years**
Project Time	**2025.08**
Installation Time	**2025.10**

El Salvador

Castor DC 40kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Internal Staff Use**
Application	**Factory Warehouse**
Quantity	**10 units**
Warranty	**2 Years**
Project Time	**2025.06**
Installation Time	**2025.09**

Vulco DC160kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Public Use**
Application	**Highway**
Quantity	**10+ units**
Warranty	**2 Years**
Project Time	**2025.06**
Installation Time	**2025.10**

Romania

Vulco DC 180kW Charging Station

Super Fast Charging — Improve Return on Investment

Project Details

Customer	**Public Use**
Application	**Highway Service Area**
Quantity	**12+ units**
Warranty	**2 Years**
Project Time	**2025.02**
Installation Time	**2025.04**

Argentina

Gaia AC 22kW AC Charging Station

Smart Charging/Parking Lot Value Enhancement

Project Details

Customer	**Public Use**
Application	**Parking Lot**
Quantity	**20 units**
Warranty	**2 Years**
Project Time	**2026.06**
Installation Time	**2026.07**

Cyprus

Gaia AC 22kW AC Charging Station

Smart Charging/Parking Lot Value Enhancement

Project Details

Customer	**Public Use**
Application	**Parking Lot**
Quantity	**150 units**
Warranty	**2 Years**
Project Time	**2025.09**
Installation Time	**2025.11**

Oman

Gaia AC 22kW Wallbox Charger

Smart Charging

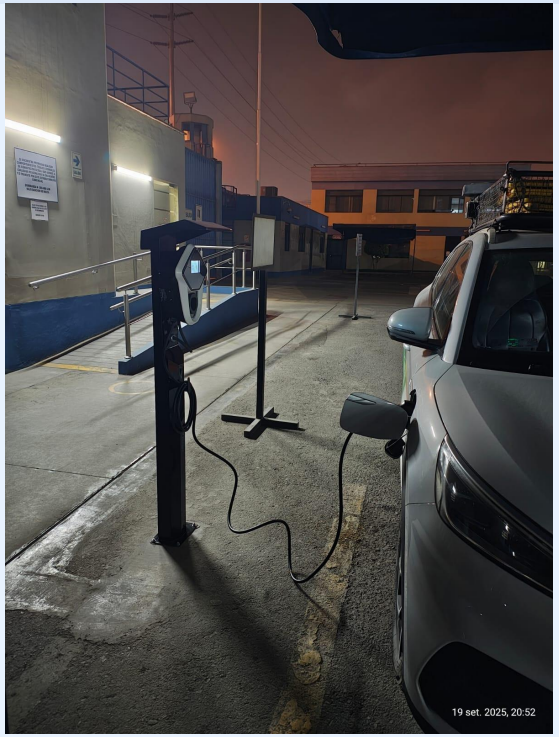
Project Details

Customer	**Public Use**
Application	**Highway**
Quantity	**150+ units**
Warranty	**2 Years**
Project Time	**2025.05**
Installation Time	**2025.08**

Peru

Gaia AC 22kW AC Wallbox Charger

Smart Charging



Project Details

Customer	**Public Use**
Application	**Parking Lot**
Quantity	**50 units**
Warranty	**2 Years**
Project Time	**2025.06**
Installation Time	**2025.09**

Italy

Gaia AC 22kW Wallbox Charger

Smart Charge and Home Load Balance;
Shared amongst all users in same group

Customer: Public Use

Application: Police Station

Quantity: 200+ units

Warranty: 2 Years

Project Time: 2024.07

Installation Time: 2024.10

Türkiye

Gaia AC 22kW Wallbox Charger

Compatible with 99% of EVs

Customer: Distributor

Application: Public Use

Quantity: 5+ units

Warranty: 2 Months

Project Time: 2024.06

Installation Time: 2024.07

Gaia AC 22kW Wallbox Charger

Cut Charging Time from More Than 1 Hour to Just 30 Minutes or Less

Customer: Car Dealer

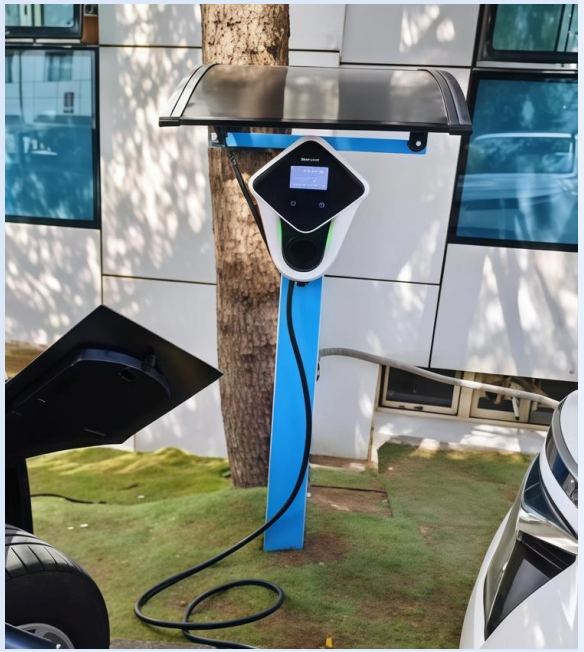
Application: Commercial Area

Quantity: 20+ units

Warranty: 3 Years

Project Time: 2024.05

Installation Time: 2024.07



Türkiye

anari

Gaia AC 22kW Wallbox Charger

Long Lasting: Up to 10,000 Times Charg

Customer: CPO

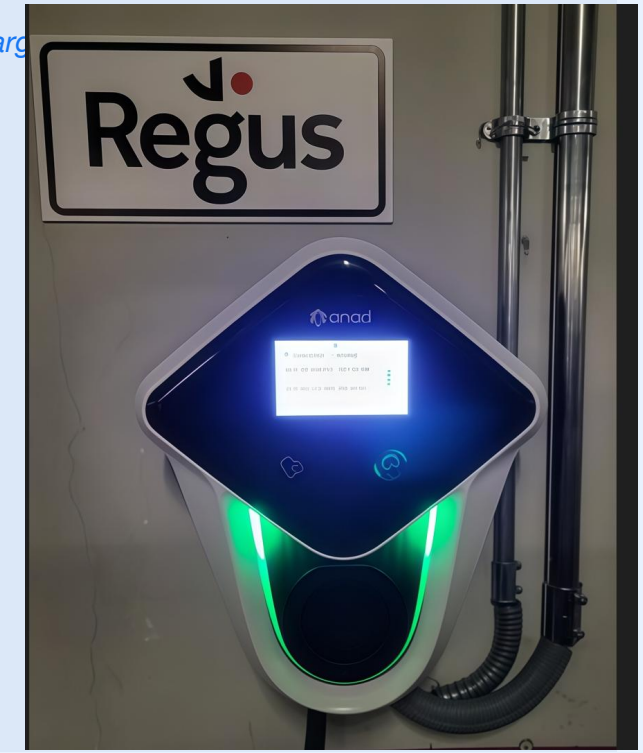
Application: Office Building

Quantity: 100+ units

Warranty: 1 Year

Project Time: 2024.05

Installation Time: 2024.07



Finland

300kW DC Fast Charging Station

Cut Charging Time from More Than 1 Hour to Just 30 Minutes or Less

Customer: Bus Operator

Application: Bus Fleet

Quantity: 20 units

Warranty: 1.5 Years

Project Time: 2023.12

Installation Time: 2024.02

Sweden

160kW DC Fast Charging Station

Cut Charging Time from More Than 1 Hour to Just 45 Minutes or Less

Customer: Bus Operator

Application: Highway

Quantity: 5 units

Warranty: 0.5 Year

Project Time: 2023.02

Installation Time: 2023.04

Türkiye

Gaia AC 22kW Wallbox Charger

Dynamic Load Balance; User Friendly

Project Details

Customer	**Private Use**
Application	**Community Area**
Quantity	**50+ units**
Warranty	**2 Years**
Project Time	**2024.05**
Installation Time	**2024.07**

China

PV Carport + ESS + AC 22kW + DC 80kW & 120kW

Integrated PV-ESS-Charging Solution

Project Details

Customer	**Energy Company**
Application	**Parking Lot**
Quantity	**10 AC + 15 DC units**
Warranty	**2 Years**
Project Time	**2023.07**
Installation Time	**2023.10**

Reduced 30~40% carbon emissions in the park area.
Relieves city electricity pressure during peak hours.

Saudi Arabia

120kW DC Charger

SASO Certified, Endures 60°C

Customer: ODM

Application: Commercial Area

Quantity: 50+ units

Warranty: 2 Years

Project Time: 2023.10

Installation Time: 2023.12

Poland

Vulco DC 60kW DC Charger

Shared Amongst All Users in Same Group;
Deep Customization with Customer Case

Customer: Operator

Application: Parking Lot

Quantity: 20+ units

Warranty: 2 Years

Project Time: 2025.04

Installation Time: 2025.06

Georgia

Vulco DC 180kW DC Charger

Cable Current up to 300A

Customer: Operator

Application: Parking Lot

Quantity: 40+ units

Warranty: 2 Years

Project Time: 2025.08

Installation Time: 2025.10

Romania

DC 30kW + DC 120/180kW

Support Multiple Standards;
DC Wallbox Custom Dual Guns

Customer: Operator

Application: Commercial Area

Quantity: 30+ units

Warranty: 1.5 Years

Project Time: 2024.08

Installation Time: 2024.10
