

Product Features

- ② Equipped with an 8L dust bin and roller brush, combining sweeping and floor washing functions.
- ② Front & rear anti-collision beams fully protect the machine from bumps and scratches.
- ② Standard fitted flushing gun for easy quick cleaning of the recovery tank.
- ② Ergonomic riding seat ensures safe and comfortable operation.
- ② Integrated electric control system matched with high-quality brand motor for steady powerful performance.
- ② Large-capacity waste filter basket effectively traps debris, hair and grit.

Technical Parameters

Cleaning width (brush size"inch)	860mm/17"*2
Squeegee width	1200 mm
Solution tank capacity	145 L
Recovery tank capacity	155 L (6 L Debris hopper capacity)
Battery	24 V/150 Ah
Drive motor	650 W
Vacuum motor	600 W
Brush motor	500 W * 2
Continuous operating time	3~4 h
Weight (inc. battery)	300 kg
Max. coverage per hour	6000 m ² / h
Product size	1700*1200*1320 mm

Function Description

① Power-Assisted Steering Wheel
② Control Panel
③ Charging Port
④ Accelerator Pedal
⑤ Headlight
⑥ Bumper
⑦ Front Wheel Motor
⑧ Seat
⑨ Pull-out Water Hose
⑩ Water Fill Port
⑪ Solution Level Gauge
⑫ Waste Bin

⑬ Roller Brush Assembly
⑭ Water Valve
⑮ Drain Outlet
⑯ Warning Light
⑰ Recovery Tank Lid
⑱ Water Gun
⑲ Vacuum Hose
⑳ Drain Pipe
㉑ Recovery Tank
㉒ Solution Drain Pipe
㉓ Solution Tank
㉔ Squeegee Assembly
