

Product Features

- Equipped with a 20-inch brush head offering a 510mm cleaning width for wider coverage and higher working efficiency.
- Dual water filling design with a pull-out hose to connect taps directly, eliminating repeated water tank transportation.
- User-friendly control panel with visible power indicator; mechanical lift for brush head and squeegee, easy operation for new operators.
- Standard water gun, accessory expansion port and cup holder. The solution tank supports direct flushing of the recovery tank with complete cleaning accessories.
- Tilt-back recovery tank for easy draining and maintenance
- Dual LED lights & quiet vacuum motor for dim and quiet spaces

Technical Parameters

Cleaning width (brush size"inch)	510 mm/20"
Squeegee width	1000 mm
Solution tank capacity	80 L
Recovery tank capacity	85 L
Battery	24 V/100 Ah
Drive motor	500 W
Vacuum motor	500 W
Brush motor	550 W
Continuous operating time	2~3 h
Weight (inc. battery)	230 kg
Max. coverage per hour	3000 m²/h
Product size	1425*1000*1195 mm
