

# XC50

Walk-behind Scrubber

Product Features

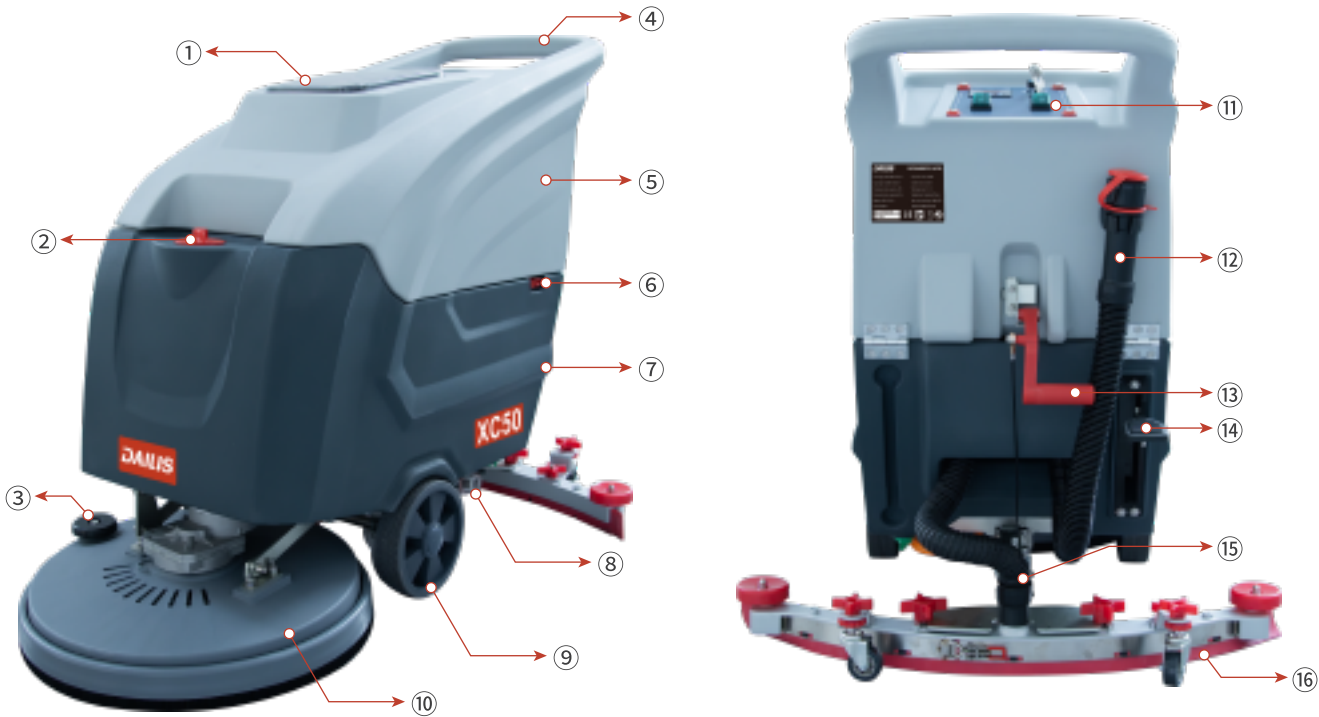

- Integrated compact body with small footprint, flexible maneuvering for narrow spaces such as malls, offices and corridors
- Transparent visible recovery tank lid, real-time visibility of wastewater and debris for timely draining and cleaning
- Simplified integrated control panel with clear layout, user-friendly operation, easy to master without professional training
- Standard equipped with premium solenoid valve, stable & sensitive water control, even water output to prevent leakage and dripping

Technical Parameters

|                                  |                         |
|----------------------------------|-------------------------|
| Cleaning width (brush size"inch) | 490 mm/19"              |
| Squeegee width                   | 830 mm                  |
| Solution tank capacity           | 45 L                    |
| Recovery tank capacity           | 50 L                    |
| Battery                          | 24 V/100 Ah             |
| Drive motor                      | /                       |
| Vacuum motor                     | 400 W                   |
| Brush motor                      | 500 W                   |
| Continuous operating time        | 3~4 h                   |
| Weight (inc. battery)            | 105 kg                  |
| Max. coverage per hour           | 2000 m <sup>2</sup> / h |
| Product size                     | 1300*800*1100 mm        |

Function Description

|                      |                 |                       |                         |
|----------------------|-----------------|-----------------------|-------------------------|
| ① Recovery Tank Lid  | ⑤ Recovery Tank | ⑨ Wheel               | ⑬ Squeegee Lift Handle  |
| ② Solution Fill Port | ⑥ Charge Port   | ⑩ Brush Head Assembly | ⑭ Brush Head Lift Pedal |
| ③ Bumper Caster      | ⑦ Solution Tank | ⑪ Control Panel       | ⑮ Vacuum Hose           |
| ④ Handle Bar         | ⑧ Filter        | ⑫ Waste Drain Port    | ⑯ Brush Head Assembly   |
