

AKH-0.66 W-20 Series Current Transformer

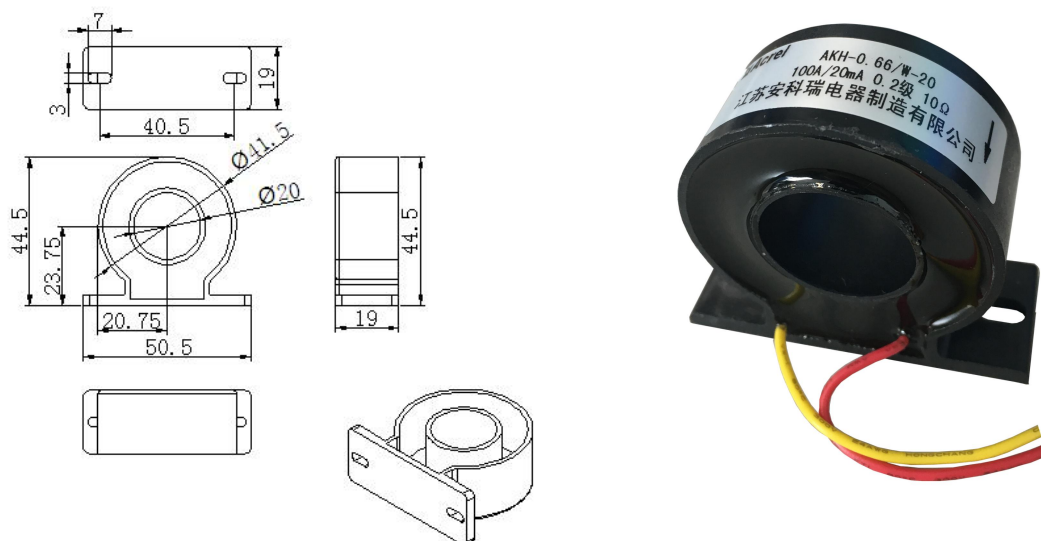

1. Product Features

The Product is round and the output is small current signal such as 20mA. It is matched with multi-loop electric meter (AMC16), The product has the advantages of small size, high accuracy, strong load capacity, easy installation, ect., it can save cost to realizing multi monitoring for users.

2. Explanations for Type

3. Spec. and Size

Noted: Primary current flows from P1 to P2(glue-pouring), secondary outlet line is fixed to P2 side, the red line is S1, the yellow line is S2, the line length is 2m.

Noted: Line length can be customized for specific product

4. Cross-reference tables for specifications

Specifications	Rated Current Ration	Precision degree and corresponding rated load(Q)			Straight-through turns	Max. cable outer diameter (mm)
		0.2 class	0.5class	1 class		
W-20	5/20mA		10		4	Φ 20
	10-15/20mA		10		2	
	20/20mA	10			1	

	30-200/20m A	10			1
