

Deluxe Sodastream Cylinder Adaptor (With Adjustment Pin) (KL07290)

How to guide for replacing the o-rings.

These Sodastream adaptors are pretty much the best ones in the market. They make attaching your Sodastream bottle to your regulator really easy.

Throughout the life of this fitting it's possible that the o-rings may need to be replaced and this is a fairly simple process.

STEP 1

With a set of needle nose pliers remove the pin on from the centre of the Sodastream adaptor.

Step 2

Using a sharp knife or sharp object pry off the broken o-rings:

Step 3

Slip new o-rings over the pin. Lubricate the o-rings with some food grade lubricant.
